EMPLOYED FORCE OF Y. M. C. A. WILL TALK OVER PLANS

The employed force of the local Y. M. C. A. will hold a conference at Moanalua gardens to discuss plans for next year's work based on the successes and failures of the past year. The purpose of the conference is to make suggestions for the various committees of the association as the committees plan the details of the work in the various departments.

One of the most interesting features of the conference will be the discussion of the swimming pool plans. Ground has been broken this week and excavations are progressing rapidly under the direction of Contractor John Bowler. The association staff will discuss the cooperation with the swimming pool committee in making the best use of the pool after its completion.

It is expected that membership work will be stimulated by the swimming pool activities. A large number of men and boys are planning to join the association in the late summer and early fall, especially to take advantage of the fresh water tank swimming. The work of the educational department will be gone over thoroughly. Suggestions for the religious work during the coming year will be carefully considered and the intermediate department for young men between 18 and 21 years will receive special attention.

Bowling, billiards, cafeteria, gymnasium, games and boys' work, both in the building and in the boys' clubs throughout the city, will receive the careful attention of the employed officers in the interests of the members.

Louis Henry Benny, a native of Beagle, Australia, has filed in federal court a declaration of intention to become an American citizen.

GENERAL CARTER SEES FRONTIER INDIAN WARFARE

Maj. gen. William H. Carter, wearing the red ribbon of the Indian campaigns on his breast in testimony of his familiarity with frontier warfare, was an interested spectator this morning of a private run of "Indian wars" at the Popular theater.

The film is a really excellent representation of several famous battles of the Indian wars, acted by Indians of the Oklahoma reservation, and men of the 12th Cavalry. The screen portrays stick very close to history; and such old-time Indian fighters as Lieut. gen. Miles and Brig. gen. Charles King assisted in their staging. The films were made by the Buffalo Bill Historical Company and Col. Cody himself is a central figure in most of the scenes.

An interesting point is that Capt. Fecel, now a lieutenant-colonel, retired, who takes a prominent part in one of the pictures, has a son, also a captain of cavalry, now serving at Schofield Barracks.

Besides Gen. Carter and his two aides, Mayor Lane and members of the press were guests of Manager Bredhoff at the special run. Chief Hallstorm, a Cherokee Indian educated at Carlisle, who is traveling with the pictures, sat next to Gen. Carter this morning, and provided some interesting information.

HOME INSURANCE COMPANY ALLIED FOR GOOD WORK

Negotiates Arrangements With Large Concerns on the Mainland

Arrangements have been made with some of the largest insurance connections in the United States whereby these companies by treaty contracts bind themselves to follow with the Home Insurance Company of Hawaii, on any contract the Home may make. These new treaty contracts bring the Home many millions of insurance assets in addition to what they already have under general agency contracts and enables the Home company to handle the very largest lines, retaining what is safe to carry and reinsuring the remainder with these treaty companies.

Great confidence is expressed in the underwriting experience of the Home Insurance Company, whereby these companies not only automatically reinsure but they also bind themselves to stay on the risk during the life of the Home policy.

The Home still retains the general agency of the entire territory for the National Union Fire Insurance Company and the Michigan Commercial Fire Insurance Company, both companies having large assets, and the Phoenix Assurance Company (marine), London & Lancashire Guarantee and Accident Company, Equitable Surety Company, Western States Life Insurance Company and the Pacific Coast Casualty Company (industrial).

SEND THANKS FOR KINDNESS TO GIRL GUESTS

Thanks and appreciation from the hospitality shown the visiting party of Montana girls, who were here in the early part of April, has come to Dr. C. B. Cooper from J. L. Dobell, managing editor of the Butte Miner, which financed the party. Although a personal communication the letter expresses thanks to all Honoluluans who assisted in making the stay of the girls pleasant. "The Miner girls returned a few days ago from a most delightful trip to your charming island," writes Mr. Dobell. "They were most profuse in expressing their appreciation of your lavish hospitality extended them during their brief stay in Honolulu. The opportunity you gave them of meeting the distinguished citizens of your community is a kindness which I am sure they will never forget." Dr. and Mrs. Cooper entertained for the girls while they were in Honolulu.
